

Santa Rosa County FL ARES Net Script

Is the frequency in use? **(BREAK)** This is (your call sign) and this is the Santa Rosa County Florida ARES net. My name is (your name) located in (your city and state) and I am your net control this evening. Before we begin, is there any emergency or priority traffic? Emergency traffic may break the net at any time by saying break, break, break. **(BREAK)**

This net meets Tuesday evenings at nineteen hundred hours, 7:00 PM central time on the 146.700 K4SRC repeater. This repeater uses a minus offset and pl-tone of 100Hz. You may also connect from outside of the local area via Echolink node 976547 or Allstar link node 515591. This is a directed net. Please do not transmit unless requested to do so by the net control station. **(BREAK)**

The purpose of this net is to encourage operators to test their capabilities to support communications during significant or emergency in support of the Santa Rosa County Department of Emergency Management. These capabilities include (but are not limited to) the ability to operate equipment without commercial power; ability to communicate in a direct, concise manner without extraneous verbiage; ability to precisely follow the directions of net control and the ability to pass traffic. Before we begin, are there any announcements for the net? **(BREAK)**

When checking in, please respond by saying this is, unkey your mic and pause to make sure you are not doubling, then state your callsign, first phonetically, and then normally, your name, and if on emergency or commercial power. **(BREAK)**

This is (your call sign), do we have anyone wishing to check-in north of Interstate 10 and west of Highway 89 to the Santa Rosa County line? This would include Pace, Floridatown, Pea Ridge, Jay, Chumuckla, New York and Wallace. **(BREAK)**

Santa Rosa County FL ARES Net Script
